SUBJECT: BLUE LANTERN LEVEL 3: POST-SHIPMENT END-USE CHECK  
ON LICENSES 050085764, 050041335, 050024484, 050074594,  
050064829, 050040825, AND 050057178

REF: 2006 BLUE LANTERN GUIDEBOOK

11. (U) This is an Action Request. See paragraphs 2 - 4.

12. (U) The Department's Office of Defense Trade Controls Compliance (PM/DTCC) requests Post's assistance in conducting a post-shipment check on licenses 050085764, 050041335, 050024484, 050074594, 050064829, 050040825, and 050057178 for the export of firearms and components to Canada . Post is requested to complete this Blue Lantern check within 45 days. Lack of response to a Blue Lantern check will affect pending and future licenses involving parties to this license.

13. (SBU) Reason for Request: To ensure that the items received by end-user are the same as the defense articles authorized by the Directorate of Defense Trade Controls (DDTC) in the licenses detailed below. Also, to verify that the defense articles are being used for the purposes stated in their respective licenses. Confidential reporting has suggested that U.S. exporter, Questar, may exporting unauthorized items such as threaded barrels and telescoping stocks. Immigration and Customs Enforcement (ICE) intelligence indicates end-user, Mark Herzog, may have a criminal record.

14. (U) Action Request: Post is requested to verify that the items received by end-user, Mark Herzog, match those authorized by the licenses detailed below. Post is also requested to verify that the authorized defense articles are being used for the purposes stated in these licenses. In doing so, Post should review end-user's records to establish the ultimate end-users of all defense articles that were resold on the commercial market. Post should verify that the ultimate end-users reside in Canada.

In its reply, Post is encouraged to comment on any other information pertinent to these transactions, in particular the security of facilities, the discovery of prohibited items such as threaded barrels and telescoping stocks, or concerns about the entities involved. DDTC recommends that Embassy enlist the support of law enforcement personnel at post such as ICE and ATFE for technical expertise in identifying possibly unauthorized items.
